To Observe Passover Feast

Passover will be observed or special Easter services held in all Jewish congregations for one week beginning tomorrow evening. This holiday is also called the feast of unleavened bread because matzos or unleavened bread is eaten on this holiday. The holiday is celebrated to commemorate the freeing of the Israelites from their bondage in Egypt where they were en-

slaved for many hundreds of years under the reign of the Pharaohs. There will be services tomorrow evening at 8:30 at the Temple, Third and Washington streets, and also Saturday morning at 9:30.

Vivid Dream Comes True, Farmer Ploughs Up A Real Pot Of Gold

ROANOKE, VA., April 21.—(Special)—After having had a vivid dream of discovering hidden treasure, Albert Dameron, a young farmer living near Brush Mountain, in Roanoke county, went out the next day to plough. His plough turned up an old and much rusted pot, in which lay a great quantity of shining gold money, wrapped in buckskin. Upon being coaxed Dameron was found to

have discovered \$13,400 in two dollar gold pieces, \$601 in silver, and other pieces of money which had been partially destroyed by rust and decay.

The latest date on the money found was 1823, showing the coin had been hidden from mortal eyes for almost a century. There is not the slightest clue as to the identity of the original owner of the treasure.

A Community Chorus

A "Community Chorus" for Portsmouth is no longer a possibility; it is an accomplished fact. Local pride, certainly ought to rise several degrees after witnessing last night a great chorus, after but two rehearsals, singing away—and real singing, too—as though they had been doing this sort of thing together at least for a year or more.

The song-books from New York put in their appearance and were greedily absorbed. What music there is in some of the old songs! Portsmouth can only guess at the treat in store for her when she holds her "First Community Chorus Recital."

Friday night both classes and the Chorus met at Bigelow M. E. church; the Song Leaders and Accompanists

at 7:00 sharp, and the Chorus at 7:50 p. m. Members will please note the change in place of meeting. The hour remains unchanged.

Chorus Recital."

After the large registration on Monday night, little additions were to be expected last evening, but on the contrary, four or more appeared in the Volunteer Accompanists' class, 12 additional Volunteer Song Leaders put in an appearance, and the Chorus was swelled by some 21 new voices. A very high percentage of the total registration was on hand for work, a full 22 out of the 24 accompanists thoroughly enjoyed themselves working at "orchestral chords," and almost as large an attendance was noted in the other departments.

BIGELOW SURE TO SING SUNDAY MORNING

It is safe to assume that none of the worshippers at Bigelow M. E. church will be late for the service on Sunday morning, for they are anticipating a delightful period of congregational singing, under the direction of Mr. Foster Krake, of National Community Service. The great hymns of the church will be used, such as "Holy, Holy, Holy," "How Firm a Foundation," "Coronation," "O Mother Dear, Jerusalem," and "Glorious Be the Tie that Binds." Mr. Krake's directing is already so well known to

local people that the quality of the congregational music that will be rendered may be understood without further remarks.

Mrs. B. E. Timmonds, whom Bigelow is glad to see once more in her accustomed place at the organ, will be supported in playing of the hymns by Major Roy H. Winton, National Community Service organizer. In addition to leading the congregation, Mr. Krake will sing in his great dramatic tenor, "The Lord is My Light," by Allisen.

WITH THE SICK

Mrs. Jennie Gies of 1633 Twelfth street was removed to Hempstead hospital today, to undergo a surgical operation.

Ben Bratt, who is seriously ill at his home on Front street was reported slightly better today.

William Abrams is seriously ill at his home on Front street.

Mrs. Ellis Hackworth of 732 Fifth street, formerly Miss Mabel Peck of Glen Springs, Ky., suffered an attack of acute appendicitis this morning and had to be removed to Hempstead hospital for an operation.

Petition Amended

The Cincinnati Enquirer Thursday said:

An amended petition filed in United States District Court yesterday by the plaintiff in the \$5,000 breach of contract suit of The Whitaker-Glessner Company, Portsmouth, Ohio, vs. The Corcoran Manufacturing Company, Cincinnati. The contract in suit involves two carloads of open-hair steel, which the plaintiff says, the defendant refused to accept.

Motion Is Overruled

The Cincinnati Enquirer of local interest Thursday said:

United States District Judge John Wood Peck, yesterday overruled a motion of Dr. William Selts, Portsmouth, O., to require the government to supply him with a bill of particulars as to the identity of "divers persons," referred to in an indictment charging him with having violated the Volstead act in connection with prescriptions, alleged to have been issued by him for liquor.

OBITUARY

Henry Scherer

While at work in Frank Taylor's garden at Piketon, April 12, Henry Scherer of that village, suffered a stroke of apoplexy that resulted fatally a few hours later. He was stricken about 11:30 o'clock. A sister of Mrs. Taylor noticed the gardener stagger and lean against the fence for support. She hastened to his side and found him seriously ill. Neighbors were called to assist in removing him to his home where Dr. C. H. Wilson was called to attend him. An examination showed that he was beyond all medical aid and death came about two o'clock that afternoon.

Henry Scherer was born in Piketon November 13, 1860 and died April 12, 1921, aged 51 years, 4 months and 29 days. He leaves to mourn his death his wife, Mrs. Daisy Scherer and seven children. Mrs. Harry Brady of Piketon, Minnie, Goldie, Grace, Annie, Carl and Emma at home. One child died in infancy. His aged mother, Mrs. Jacob Scherer of Piketon, a brother, Jacob Scherer of Piketon, and four sisters, Mrs. David Clapper of Portsmouth, Mrs. Frank Hatfield of Piketon, Mrs. George Richards of Summit, O., and Miss Lizzie Scherer of Givens, O. The father and two brothers preceded him to the Great Beyond.

The funeral was conducted by Rev. James Sylvester of Bainbridge, O., April 14 at the Church of Christ at Piketon. Burial was at Piketon.

Kilbourne Smith

Kilbourne Smith died about 9:15 Thursday morning at the home of his daughter, Mrs. Ora Smedley, of Lynn, eastern part of this county. Mr. Smith was 89 years of age. He has been ill with infirmities for some time.

Mr. Smith spent most of his life in the eastern part of Scioto county, where he worked as a cooper about the charcoal furnaces. He was a resident of South Webster a number of years, leaving this village in 1917, when his faithful wife passed away. He then made his home with his daughter, Mrs. Ora Smedley, of New Boston, the family moving later to Lynn.

Of ten children born to Mr. and Mrs. Smith, nine survive as follows: Mrs. Sarah Davis, Portsmouth; Silas Smith, Portsmouth; Lee Smith, Jackson; Mrs. Margaret Smedley, Lynn; Mrs. Scott Brown, Wellston; Charles Smith, Wellston; Mrs. Doll Kirkendall, Portsmouth; George Smith, Colorado, and Mrs. Louella Fisher of San Jose, Calif.

Mr. Smith was one of eleven children and the only surviving of the family is a sister, Mrs. Lucinda Leamon of Ironton.

The deceased was a veteran of the Civil War and was a member of the U. A. R. of South Webster. He also belonged to the Freewill Baptist church at Lynn.

Funeral services will be held Saturday morning at eleven o'clock at the South Webster Baptist church, with Rev. A. B. Cox of Circleville, U. B. church in charge.

William Held Funeral

The funeral services for William Held, who passed away at his home, 2015 Gallia street, Wednesday morning, will be held from the home Friday morning at ten o'clock with Frank Wolfe of New Boston in charge of the last rites.

The body will be laid to rest in Vernon cemetery.

J. Henry Bassler Funeral

The funeral of J. Henry Bassler who died Tuesday morning, was held this afternoon at 2:30 o'clock from the home of his sister, Mrs. Hoyt Smith 316 Fourth street with Rev. Samuel Lundmeyer of the First Evangelical church in charge.

The pallbearers were Ernest Beaver and Charles Forrest of the Macedonia Union, Howard Monk and Max Casper of the Tribe of Ben Hur and John Dietzel and E. L. Schusky of the Big Brothers class of the First Evangelical Sunday School.

The body was laid to rest in Greenlawn where the Tribe of Ben Hur also had their usual service at the grave.

James Seisson

Death about twelve o'clock Wednesday night claimed James Seisson at his home, 4215 Gallia street, New Boston. He has been ill for some time with complications.

James Seisson was a native of Kentucky and was 41 years of age. The family has been living in this community for some time and the deceased was well known having many friends who will learn of his death with deepest regret.

The widow Lucinda Seisson and 13 children, namely, George, 13 years, Virginia, 7 years and Edward, 2 years, survive. His aged mother, Mrs. Millie Seisson of 2092 Fifth street, Portsmouth and the following brothers and sisters also survive, Mrs. Henry Bruch, Mrs. Edward Ross, Mrs. Samuel Akers, Miss Minnie Seisson, all of Portsmouth and Allen Seisson of Sciotoville and Paul Seisson of Portsmouth.

The funeral services will be held Saturday with burial probably in Greenlawn.

Mrs. Julia Burke

Death at 12:30 this afternoon claimed Mrs. Julia Burke, mother of William W. Burke, at the home of her son, William W. Burke, 2129 Seventh street. She was 74 years of age. Death was caused by complications.

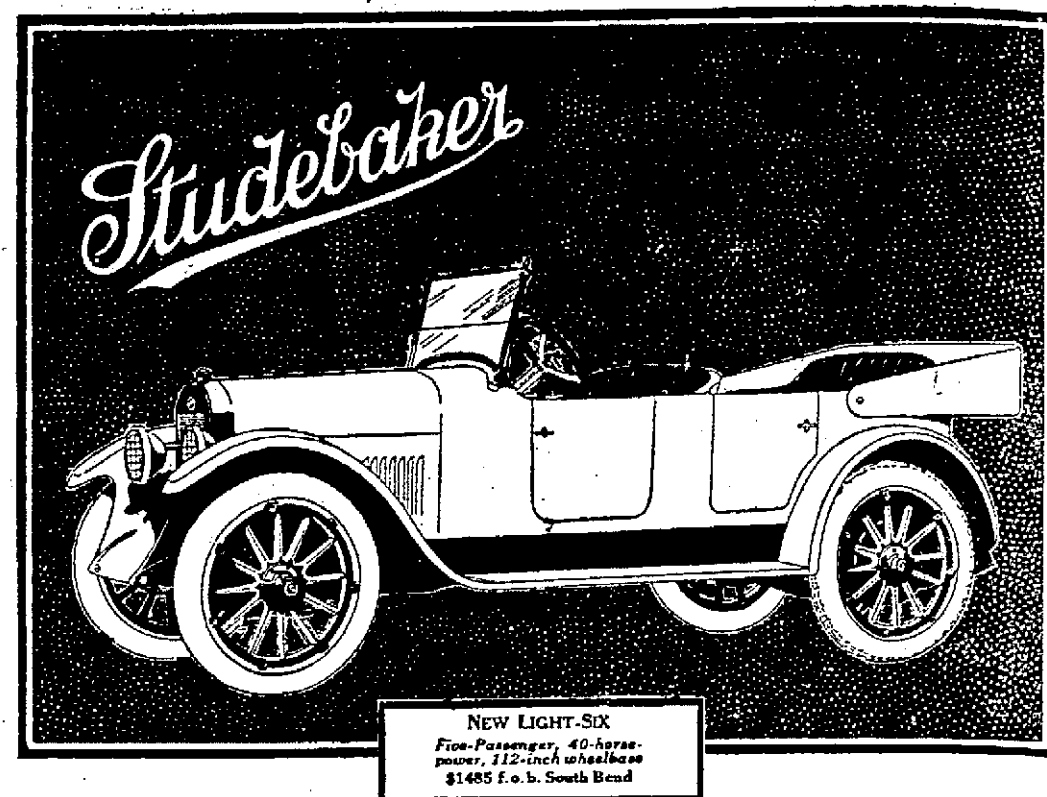

Mrs. Burke was born and reared in Wheelersburg community the family moving to Portsmouth in 1908. Only two sons, William Burke of this city and E. F. Burke of Columbus, survive, together with three sisters and two brothers.

Mrs. Josephine Hammond

Death at 2:30 this afternoon claimed Mrs. Josephine Hammond, who passed away at her home, 8 Union street. Her death was caused by pulmonary trouble. In addition to her husband, J. H. Hammond, she leaves four sons, A. L., W. S., M. A. and C. C. Hammond, and one daughter, Mrs. Kibbie Kinney.

Shoplifters Are Caught

Caught in the act of shop-lifting at the Anderson Bros' department store, two girls giving their names as Lydia Cheney, 17, and Hester Dalton, 14, claiming their home at Quincy, Ky., were taken into custody Thursday noon by Officer Stanley Schroeder on complaint of the store management.

In Municipal court later the Cheney girl admitted guilt and confessed to having previously visited the Anderson and other stores in this city, in company with others from the vicinity of her home and pilfered articles of merchandise, principally wearing apparel. A pair of silk gloves, valued at \$3.50, was found in possession of the Cheney girl, and her companion had a silk umbrella when taken into custody.

Judge Sprague scored the Cheney girl and told her the practice of stealing from stores must end and then imposed a fine of \$25 and sentenced her to jail for 30 days, while the other girl was sent to the Juvenile court by reason of her age.

E. C. Hood, manager of the Anderson store, told the court that merchandise valued at from \$400 to \$500 had been pilfered from the Anderson establishment in recent weeks through shop-lifting practiced by women, and while it was known that the stealing was going on, not until today were any of the guilty ones caught. He said that generally the stealing was done during the lunch hour when many of the clerks were absent.

Administering Pasteur Treatment

James Odell, three year old son of Mr. and Mrs. Edwin Odell of near Friendship, who was bitten by a mad dog Saturday, was reported getting along nicely today.

Six of the Pasteur treatments have already been given by Dr. D. N. Hopkins of Friendship and it is probable

that the full course of 21 treatments will be given as the child was bitten about the face, which is considered one of the most dangerous places. Word from Columbus is expected tonight as to the examination of the dog's head which was sent away Tuesday.

Columbia Treaty Passes Senate By Wide Margin

WASHINGTON, D. C., April 21.—Expressions of gratification were general today in administration circles over what was regarded as a significant test of senate support for administration foreign policies in that the ratification of the long pending Colombia treaty. At the close of a long session of heated debate, the treaty, which grew out of the partitioning of Panama and provides for payment by the United States of \$25,000,000 to the South American republic, was ratified with a margin of eleven votes over the necessary two-thirds majority, fifteen Republicans and four Democrats opposing ratification. The vote was 69 to 19.

With the senate in a full today after clearing its program of the first major business of the extra session, the house was prepared to resume debate on the immigration restriction bill with probability of reaching a final vote before adjournment. Although a safe majority was predicted for the measure, proponents believed it would not be as large as that given in the last congress.

Probably the next business to come before the senate, the Knox peace resolution, was to be taken up today by the foreign relations committee. Whether the committee planned to report the resolution out today, however, remained in doubt.

ARE YOU CONGENIAL?

Thin-Blooded, Sick-Looking Men
and Women Lack Enthusiasm
THEY NEED PEPTO-MANGAN

Red-Blooded, Healthy-Looking
Folks Get Along Well Because They Feel Good

There is a thrill in glowing good health. You see it in the enthusiasm and good cheer of congenial people. Fair complexion, bright eyes and distillate feelings do not attract other people. You are not congenial when you are run down.

Nearly everybody gets out of sorts occasionally. They are positively unhappy for weeks and constantly tired and gloomy. Perhaps you are that way and can see no reason why. But there is a reason. More than likely it is because of bad blood. Pepto-Mangan is a well-known and very successful remedy for poor blood. It supplies what your blood needs. You pick up and become your old self again; your blood works as it should, keeping you fresh and alert, congenial and happy and strong.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. One is as effective as the other.

Buy Pepto-Mangan at your drug-gist's. Be sure the name "Gude's" is on the package. Without the name "Gude's" it is not Pepto-Mangan. Adv.

Women Who Suffer

Lima, Ohio.—"I can recommend Dr. Pierce's medicines as being the best there is. I can truly say that these medicines have saved my life two different times. The first time was just after becoming a mother. Now I have just gotten over a bad sick spell, due to my age. I doctored with three different doctors but instead of getting better I kept growing worse. I couldn't be on my feet at all and could be out of bed but very little. I sent and got Dr. Pierce's Favorite Prescription, Golden Medical Discovery, Pleasant Pellets and Auric Tablets and started taking them and got relief in about one month. I had been sick for five months. It has been six months since, and I am doing all my work for a family of six with the exception of the washing. I recommend Dr. Pierce's Medicines."—MRS. School Legislation Wins In The Ohio Legislature

COLUMBUS, O., April 21.—School legislation scored in the legislature yesterday. The senate passed the Kunkler bill amending the rural school code by providing for the direct election of county boards of education, abolition of district superintendents and substituting assistant superintendents for the district superintendents.

The house taxation committee last night recommended for passage the brand bill which changes the method of levying and collecting taxes for the week school districts and the tender bill exempting tax levies for library purposes from the school levies.

The senate judiciary committee today will recommend to the senate the passage of the Gordon and McNamara bills abolishing the superior and insolvency courts of Cincinnati. The bills have already passed the house.

The committee has also voted to recommend for passage the Bellow bill giving juvenile courts the right to enforce orders of divorce courts relative to alimony where minor children are involved.

Negro, Sheriff Forgot To Hang, Gets Life Term

SHREVEPORT, LA., April 21.—The death sentence of Lonnie Eaton, the negro sheriff of Ouachita parish forgot about when the day set for Eaton's hanging came around last month, has been commuted by the state pardon board to life imprisonment according to reports received here today from Baton Rouge. The board considered the negro's case on meeting there yesterday.

Eaton was convicted of murder several months ago and was brought from Ouachita parish to the Caddo parish jail for safekeeping. Governor Parker set the date for the hanging, but the sheriff forgot all about it until the legal date had passed. As he afterward wrote to Governor Parker, he was so busy with other affairs in his office that he forgot the day that he was to hang Eaton.

When the omission was discovered, attorneys for Eaton held that as he had been in jeopardy once his execution would be illegal. Governor Parker secured opinions from members of the bar, but the attorney general held that as Eaton had been sentenced to be hanged, the law required that the sentence be carried out unless executive clemency was extended. The matter was then allowed to rest until the meeting of the pardon board today.

Meteor Explodes In Georgia

ATLANTA, GA., April 21.—A meteor passed over middle and southern Georgia yesterday, exploding and showering hot metal as heavy as iron. The meteor was seen in Macon. It exploded over Cordelle and also at Pitts, some distance east of Cordelle, and also at Albany, southwest of here.

At Pitts in Wilcox county, more than a dozen heavy explosions were heard, then as if a machine gun had been pressed into action, there was a sharp crackling in the air for several minutes and red hot metal, some pieces weighing six pounds each, began to fall. In the wake of the falling fragments was a trail of black smoke. The sky was cloudless. The majority of the pieces fell in open fields and so far as known no one was injured.

Lived In Woods With Man Who Was Killed

YOUNGSTOWN, O., April 21.—Anna Presey, 15, alleged to have lived a week in the woods near here with Jack Knight 19, who was killed by a policeman in Beaver Falls Tuesday night, was arrested here today when she returned to Youngstown with Knight's body.

After bad weather had driven the pair from the mattress and blankets which formed their only shelter in the woods, they went to Pittsburgh, the girl told police. From there Knight went to Beaver Falls, where he was killed in an attempt to escape from police who questioned him concerning the ownership of a motorcycle he was driving. Later Pittsburgh police picked up the girl and sent her to Beaver Falls, and she came here early this morning with Knight's body.

Knight had been missing from his home here for two months, and the girl left her East Youngstown home to days ago.

Hearing Postponed

COLUMBUS, O., April 21.—Hearing of the application of the Portsmouth Street Railway & Light Company for permission to abandon its street car service in Portsmouth and New Boston, which was set for Tuesday, April 20, has been postponed by the Public Utilities Commission to Tuesday, May 24.

Original deferment of the hearing, in February was explanation reaching the commission that negotiations were proposed which were expected to settle the controversy between the company and the municipalities over the rate of fare, which is the bone of contention. The answers of the municipalities to the petition of the company, contained nothing to indicate that those negotiations were not still pending, so the commission again set the hearing for the later date.

TWENTY FOUR YEARS AGO

The Portsmouth team walloped the famous Blue Licks of Cincinnati, in the opening game of the season to the tune of 13 to 5. Lindsley and Boly were the opposing hurlers. Mayor Glidden started the ball rolling with a neat speech and Pat McMahon was the umpire.

Portsmouth won the second game from the Blue Licks although it was a close shave, score 7 to 6, putting over the winning markers in the ninth when 2 were counted. Lindsley was again the local fighter.

The tick fiend got in his work on Chillicothe street. A half dozen bicycles were disabled. An effort is being made to find out who it is guilty of such dirty work.

The Blue Licks, of Cincinnati, here to open the season with the Portsmouth team, and the members of the two clubs enjoyed a trolley party in the evening.

Capt. C. T. Watkins, of Jasper, foreman of this division of the canal and W. A. Givens, were in town.

Doc Whitaker counted 54 bicycles passing up and down Chillicothe street in five minutes.

Signs have been put up in the park prohibiting bicycles from riding on the walks.

SOCIETY

Group B of the Judge Blair Bible
Class of the Second Presbyterian
Church will hold a bake-sale at the
Moffet Meat Market Saturday after-
noon.

Division B of the Biscuit Ladies'
Aid Society will hold a bake-sale Sat-
urday afternoon, beginning at one
o'clock, at Friedman's sausage. Home-
made pies, cakes, cookies, doughnuts
and bread will be among the items for
sale.

The members of the Judge Blair
Bible Class of the Second Presbyter-
ian Church will go to Sciotoville Fri-
day evening to present the playlet,
"The Sewing Circle Meets at Mrs.
Martin's," in the Sciotoville High
School at 8 o'clock. A home-made
candy sale will be held in connection
with the play.

Mrs. Albert Younger and daughters,
Alma, Mabel and Imogene, of Fourth
street, and Mrs. Charles McAfee and
son, Louis, of Sixth street, left today
for their new home in Los Angeles.

Mrs. F. L. Manning of Seventeenth
street has gone to Romeville, W. Va.,
for a few days' visit with relatives.

Oscar Hickman will have cause to
remember his last basketball game of
the 1921 season for he suffered a
broken collar-bone in a game Wednes-
day afternoon. He was playing with
a number of other high school boys on
the open court near the high school
when he was knocked down, another
player falling over him. Hickman is
15 years of age.

W. A. Gillespie, Henry Bredehman,
and Robert Goodwin are three local
men in the same ward at Hempstead
hospital suffering the same injury.
Both bones in their right legs are
broken just above the ankle.

Gillespie is a painter and was in-
jured in an automobile accident near
Clifton several weeks ago. Bredeh-
man, who is a plumber, suffered his
injury in a fight. Goodwin, who lives
at 1009 Washington, was injured
when struck by an automobile Mon-
day.

The bone in the right thumb of
Daniel Robinson, S. & W. employee of
New Boston, was splintered several
days ago when it was mashed while
he was at work.

In a fall from the back porch of
her home, Alice Moulton, two-year-old
daughter of Mr. and Mrs. Arthur
Moulton of Lucasville, suffered a
broken left elbow. An X-ray of the
injured elbow was taken by Virgil
Fowler.

While playing in the front yard of
her home Wednesday, Ruth Boggs,
four-year-old daughter of Mr. and
Mrs. James Boggs of 3231 Stanton ave-
nue, New Boston, fell over a wire and
broke her right arm. Dr. W. G.
Cheney attended the child.

Dr. Leonhardt Says

"the cause of Piles is internal; that's
why salves do not give lasting relief—
they cut the pain." Hem-Roid, a harm-
less tablet that "works while you
sleep," removes the cause. Money back

Election Bill Only Skeleton Of Former Self

COLUMBUS, O., April 21.—There will be an entire revamping of the election laws of the state, as the result of action of the lower branch of the general assembly today.

When the bill came up today for reconsideration, it was ordered re-referred to the house elections committee, for making over.

COLUMBUS, O., April 21.—Prospects for any material change in the election laws being made by the present general assembly, appeared scant today following the amending of the election bill recodifying the election laws, by the house last night. What was left of it to be taken up again today represented only the

shell of a code which members of the election committee had prided themselves in being able to present for adoption.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

in eliminating features of the bill especially objectionable to either of them, and, caught in this cross current the skeleton was only saved, apparently, by its author begging that further consideration be deferred until today.

The feature providing for continuous registration was eliminated by one amendment offered by Representative Lipp, of Cincinnati, striking out the entire chapter on this subject. This feature was one of the most prided ones of the bill by the committee and experts which drew the measure. Another amendment cut proposed salaries of election board members forty percent and clerks 25 percent, except in Cuyahoga and Hamilton counties. Another amendment restored the four election board members in all counties. The original bill provided for only two members in counties of less than 150,000 population.

both Republicans and Democrats who passed their examinations under the Wilson executive order will not be disturbed. The new arrangement would apply only to postmasters who hold their jobs by political appointment and who never were obliged to pass any examinations.

Of course, there are objections to the examination system on the ground that a school teacher could answer the questions asked on the examination paper more readily than most applicants with executive ability and little book lore. But Postmaster General Hays insists that the examinations will cover executive talents and indeed the selection will be based on organizing ability rather than mere book knowledge.

The Postmaster General is heartily in favor of the merit system because he thinks it is the only way to put the Postoffice Department on an efficient basis. He is full of enthusiasm about the future and realizes the responsibility of his task. He therefore is urging President Harding to make it possible for postmasters to be selected on an efficiency basis so that an improvement on the entire mail service may result.

It is probable that Mr. Harding will accept the advice of Will Hays and put all the postmasters under civil service rules and require examinations of all incumbent postmasters who get their jobs through political appointments.

The new Postmaster General also has the full support of Mr. Harding in the plan to humanize the Postoffice Department. There are many places throughout the country where the conditions under which clerks are working are conducive to bad health. Mr. Hays declares the Government should keep pace with progressive employers who are spending large sums of money for social welfare. He has called a conference of the heads of the employees' organizations and begins tomorrow a careful study of the whole subject. All the energy and industry which Will Hays exhibited as chairman of the Republican National campaign seems to have been transfused into the Postoffice Department. He is alive with new plans and new schemes for efficiency. It will not be his fault if the country before long does not find an improvement in the mail service.

Germany's New Proposals Will Probably Be Unacceptable

PARIS, April 21.—Germany's proposal relative to reparations had not been received by the French government late last night, but officials here declared they expected they would be the same as those published in German newspapers. For this reason they said they believed the Berlin government's terms would be "insufficient and unacceptable."

It is probable that the Italian and Belgian ambassadors to Great Britain will attend next Sunday's conference at Hythe, at which Premier Briand will communicate to Premier Lloyd George the measures France proposes to take if Germany does not make the reparations payments demanded on May 1.

Louis Loucheur, minister of liberated regions, has completed a plan for the economic penalties to be placed upon Germany in default of her payment of reparations. The Echo de Paris declares that his plans include a tax of ten gold marks on each ton of coal and a smaller tax on lignite and perhaps manufactured goods. A tax of forty percent, payable in foreign money, would be levied on all exports. Germany would be allowed to manufacture certain products and deliver certain materials to the allies, the value of these products being credited to the reparations account.

Judge Gusweiler Endorsed For Collector

CINCINNATI, O., April 21.—A committee of three members of the Hamilton county Republican advisory and executive committee left today for Washington to present the name of Judge Frank R. Gusweiler, of superior court, this city, to members of congress for the appointment as internal revenue collector for Cincinnati.

Other candidates for appointments given consideration were Rufus A. Longman of this city, for state superintendent of charities, and W. W. Evans, steam fitter, for state inspector of steam fitting and heating.

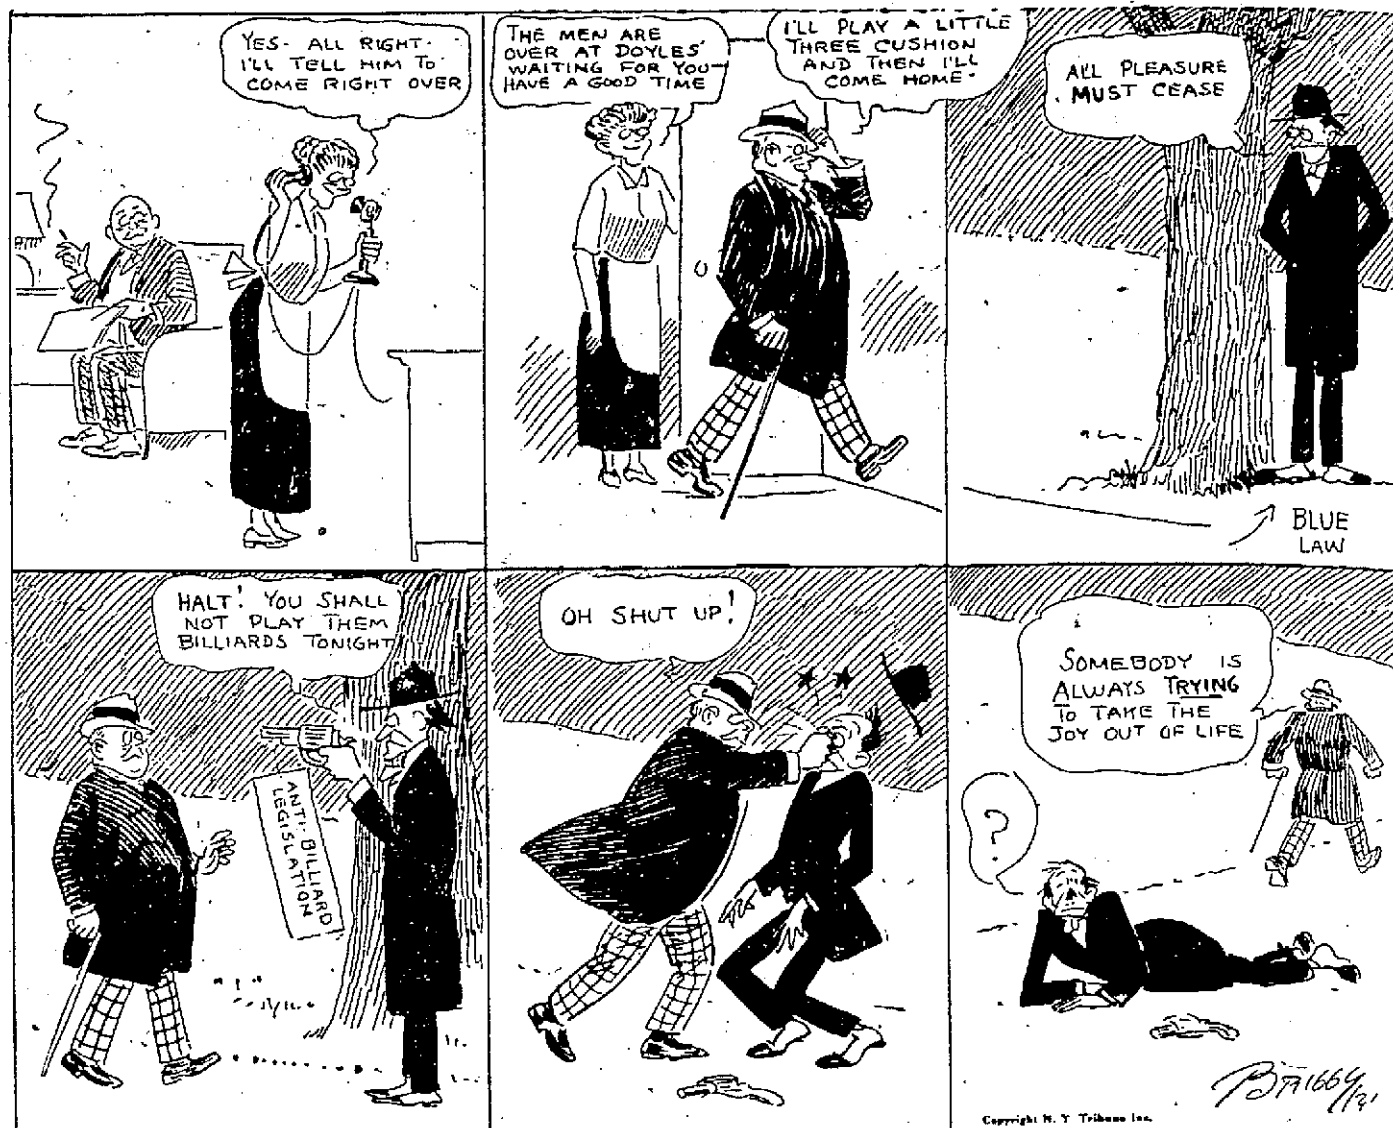

Mrs. Charles A. Dattmar was inducted for membership on the state board of motion picture censors.

ABLE TO DO HER WORK

After Long Suffering Mrs. Siefert Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years regularly. I was not fit to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 813 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge. If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health.

ALLEGED SWINDLER HELD

CINCINNATI, O., April 21.—Federal officials in Cincinnati awaited today the receipt of warrants issued at Huntsville, Alabama, for Thomas J. Blair, 34 years old, Chicago, and Walter G. Carson, 27, Salt Lake City, who were being held at central police station here in connection with an alleged oil stock plot to swindle Marshall Hinchman, 70, Rushville, Indiana, a farmer, out of \$24,000.

A man giving the name of A. J. Conway, arrested at Huntsville, and W. G. Overton, arrested in Indianapolis, Indiana, are being held in the same case.

Says Pile Remedy Worth \$100.00 a Box

"I have had itching piles ever since my earliest recollection. I am 53 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 8 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one box and consider I am cured. You have my grateful, heartfelt thanks, and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. street, between Second and Third, and the engineer brought in an estimate of \$5630 for making a fill at Union street, but stated this amount could be saved by using the dirt from the excavation in the improvement of Front and Jackson streets. It was referred back to the street committee for a recommendation.

Bond Issue Authorized
A bond issue of \$8500 was authorized to provide funds for the improvement of Union street, the plan for which calls for a fill and the construction of bridges and culverts and the sum of \$366.50 was voted for connecting the Newman property to the sanitary sewer and install both.

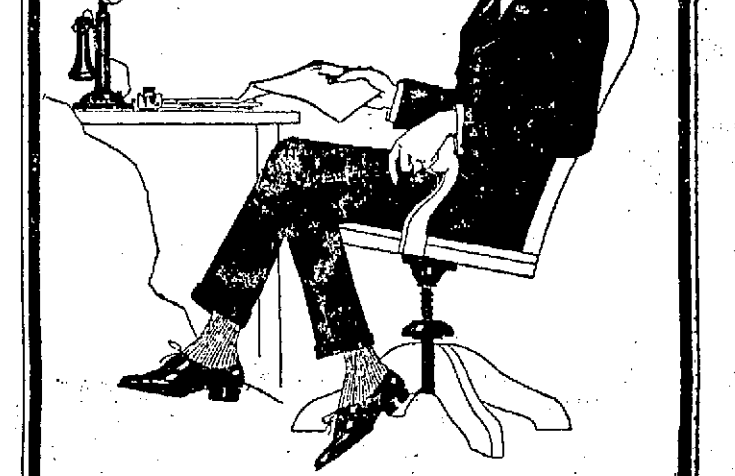

The claim of H. L. Knost, grocer, 1201 Ninth street, for damages to his stock amounting to \$92.36 resulting from the fire truck accident the other day was referred to the law and claims committee and the matter of buying a cash register for the water works department was deferred until later. J. T. Vane, local representative for the National Cash Register company, was present and pointed out to council the advantages of installing his system.

Fire Ordinance Read
The street car fare increase ordinance recommended by the special committee was given its second reading and on the suggestion of Member Weghorst the matter of compelling the railroads to fix up their crossings within the city was referred to the service department and committee on railroads for action.

Member Weghorst also brought up the subject of equipment for the service department, declaring that it was false economy for the city to be paying \$7 a day for the use of a motor truck and tools on the street repair work and urged that equipment be bought. Mayor Gableman also joined in the discussion and urged council to purchase the tools required, but that they should be taken care of and not allowed to be stolen as in the past.

City Building Repairs
The service director was ordered to bring in an estimate of the cost of making repairs to the city building required by an order issued by the state inspector of public buildings and factories.

Certainly! you can have style in a comfort shoe

Style and comfort go together in all Walk-Over shoes. It is true that some models have narrower toes than others. If you wear a narrow-toe shoe the Walk-Over will fit you comfortably, and if you wear a wide-toe model, the Walk-Over has the up-to-date styles. There is a style here that is just right for your feet.

Any Walk-Over put to a style test shows up in great shape. You go to a Walk-Over store and you are looking for a shoe with comfort and good looks—the most for your money. They have just what you have been looking for, a good comfortable shoe with the stylish appearance which will please.

This is a Walk-Over that has attained fame for it is one of those shoes which men like so well they wear the same last year in and year out. It is a wide-toe shoe with a low heel, the shoe that is built for comfort.

COUNCIL PROVIDES FOR COMPLETE SEWER SURVEY IN CITY; EDWARD BURTON SUCCEEDS B. F. BENNETT

The big business before the Council at its regular session Wednesday night was consideration of the sewer proposition, which has been at "bus-ness" for those many years and the decision led the legislators to the decision that "the time has come when action was demanded toward a solution of the problem." The initial step was then taken. Council voting unanimously to approve the recommendations made by Mayor Gableman in a lengthy communication in which he discussed and explained all phases of the sewer situation and the necessity for providing a comprehensive sewer plan for the entire city in order to meet the requirements of the state health department. A complete sewer survey of the city was ordered and the service director was instructed to submit a list of competent and approved sanitary engineers to do the work in order that the program outlined may be carried out. Council will choose the engineers and it is hoped to speed up the work and have a bond issue to provide funds to pay the cost of the big project may be before the electors in November.

The mayor in his report covered all phases of the sewer question which have come up in the last year or two and he presented a long line of correspondence which had passed between the state health department and city officials dealing with sewer construction in this city and which came to a climax when the state authorities set a ban on all future sewer construction until a fixed and comprehensive plan of construction was adopted here and approved by the state department.

In the past there has been little system to the construction of sewers but the constant growth of the city has brought the question to the front by reason of the faulty plan in vogue which has led to injudicious proceedings in the courts, tying up all sewer construction, particularly in the eastern part of the city.

Under the new plan a plat of the system adopted will be on file at the city building and at the office of the State Board of Health so that when the matter comes before the council and steps are taken for new construction a report of same can be made to the State Board and its approval received in brief time without cause of delay. And beyond this, the system will comply with sanitary rules which will promote good health throughout the city.

Mayor's Recommendation
After reading the lengthy report Mayor Gableman made the following recommendations which were unanimously adopted by every member present on voting:

"It seems to me that the time is here for Council to take action in this matter and I am of the opinion that action on our sewer problems has been delayed too long. We find that sewers Nos. 2 and 7 cannot be used until a trunk sewer is built to take

care of the sewage emptying into Lawson Run. The comprehensive plan requested requires the employment of a competent sanitary engineering firm specializing on sewers. This plan, when completed, will show the location of every sewer constructed thus far in the city, also locate such additional trunk sewers and laterals needed to take care of the present situation and our future needs. In addition this plan will locate a sewage disposal plant should such a plant ever be needed here. Will also contain estimates of the cost of the sewer improvements required. State Department of Health will furnish, upon application, a list containing a score or more names of competent engineering firms any one of which will meet with their approval.

"It is estimated that ninety days would be required to complete this work so that by August 1st such a plan will be ready. This would give Council ample time to map out a program of sewer improvements in order that same could be placed before the voters for approval at the November election. The estimated cost of this survey does not exceed Twenty-five Hundred Dollars (\$2500.00)."

"I would, therefore, recommend that Council instruct the Director of Public Service to employ an engineering firm, approved by the State Department of Health, to make this survey."

Farewell Meeting
The meeting marked the last appearance of B. Frank Bennett as a member of council as at the close of the business session he tendered his resignation and said farewell to his colleagues. Mr. Bennett relinquished the post to take up his new duties as deputy sheriff next week. The resignation on being accepted was followed by the reading of an application from Edward Burton for appointment to the vacancy and on motion of member Charles Schirrmann he was unanimously elected to serve out the unexpired term of the retiring member from the Fourth ward.

Called on for a speech Mr. Burton responded by thanking council for the honor and pledged his cooperation, saying that he hoped he would be able to fill the post in the same capable manner as had marked the service of his predecessor.

The new member is the oldest tinner employed at the N. & W. Shops and he is secretary of the Sheet Metal Workers, Local 220. He has been a resident of the city for several years and has been active in Republican politics in his ward. He resides at 2012 Eighth street.

Burton was promptly sworn in by Solicitor Skelton and he was given a cordial welcome by his colleagues. The committee assignments of the retiring member, Mr. Bennett have not been announced and probably will not be until the next meeting. Bennett was a member of two important committees the Finance and Street committees, being chairman of the latter which will likely fall to Howard Runyan, the ranking Republican member of that committee.

Mayor Reads Communication
The mayor also read a communication dealing with the city's financial problems, containing a lengthy recommendation, and showing that the Safety fund will have a deficit at the end of the year of approximately \$10,000 and on his recommendation legislation was ordered providing for the issuance of certificates of indebtedness to carry the department through, saying that the other \$5,000 would be derived from other sources.

The communication of the mayor, which was referred to the Finance Committee, in full follows:

Mr. President and Gentlemen of Council:

When the Finance Committee of Council met early this year to pass the Semi-annual Appropriation Ordinance for the six-month period ending July 1st, it was ascertained that the money available or to come into the Safety Fund was insufficient to operate the Safety Department for this period. The Mayor and Safety Director were informed by this committee that a way out of this financial situation must be found or expenses curtailed. Appropriately, eighty per cent of Safety Fund disbursements are pay-rolls.

With the knowledge that it was an absolute impossibility to cut down the strength of our fire and police departments which were at that time and are at the present at a minimum, we immediately got busy on an investigation of the finances of the City.

On February second of this year I addressed a communication to your honorable body wherein I explained that a result of the investigation I had made up to that time convinced me beyond any reasonable doubt that we could take care of the Safety Department this year on the present budget. I might state at this time that we never had even the slightest intimation of weakening either our police or fire departments, for had we found no other way out of the di-

lemma it was our intention to take the proposition before our people and make an effort to secure such funds that would be necessary to care for the deficit created to maintain these departments at their present strength. This idea, you will recall, was endorsed by Chief Leedom, who stated in his annual report to you that before a reduction be made in the number of employees in the fire department that he and his men be given the opportunity to raise such additional funds required.

A further and more complete investigation assures me that we can get through this year without an appeal of this nature. I am therefore addressing a communication to you at this time as the Safety Fund will have been depleted May first and it is therefore necessary to provide funds for the Safety Department not only to July first but take into consideration the finances for the balance of the year as well.

On May 1st we will have bills outstanding in the sum of One Thousand Dollars (\$1000.00). The police pay roll for May and June totals Twenty-nine Hundred Fifty Dollars (\$2950.00); That of the fire department Sixty-two Hundred Forty-five Dollars (\$6245.00); Salary of Director and Clerk Two Hundred and Eighty Dollars (\$280.00) estimating the other cost at One Thousand Dollars (\$1000.00) per month we find that the total amount needed is Twelve Thousand Four Hundred Seventy-five Dollars (\$12,475.00). Estimating receipts from Municipal Court for April, May and June at Five Hundred Dollars per month, total Fifteen Hundred Dollars (\$1500.00) and Five Hundred Dollars (\$500.00) from other sources reduces this deficit to Ten Thousand Four Hundred Seventy-five Dollars (\$10,475.00).

We appropriated, in January, from this fund Ten Thousand Nine Hundred Dollars (\$10,900.00) to pay off Certificates of Indebtedness and in addition will have spent Two Thousand Twenty Nine Dollars (\$2029.00) for firemen's pension. Two Hundred Fifty-two Dollars (\$252.00) for police pensions; Total Twenty-two Hundred Eighty-one Dollars (\$2281.00) from the Safety Fund which amount would not have been paid from this fund had it not been for the oversight of someone when the tax levy for 1921 was made. In addition Seventeen Hundred Fifty Dollars (\$1750.00) has been expended this year for new fire places which is a permanent improvement. These amounts total Fourteen Thousand Nine Hundred Thirty-one Dollars (\$14,931.00). Deducting our deficit Ten Thousand Four Hundred Seventy-five Dollars (\$10,475.00) it is shown that we will have operated Forty-four Hundred Eighty-six dollars (\$14,560.00) lower this six-months than our income.

Financial Statement
In presenting to you a financial statement of the Safety Department from July 1st to January 1st, or the last half of this year, we have been liberal in estimating expenditures and very conservative in estimating income. I have learned from actual experience that this is the only plan to follow when figuring municipal financial problems.

We have estimated that it will require Five Thousand Dollars (\$5000.00) per month or Thirty Thousand Dollars (\$30,000.00) to operate the Safety Department for the last half of this year. With the deficit Ten Thousand Four Hundred Seventy-five Dollars added the total amount needed to January 1st, 1922 is estimated at Forty Thousand Four Hundred Seventy-five Dollars (\$40,475.00). We will receive from taxes Twenty-one Thousand One Hundred Forty-five Dollars (\$21,145.00) from Municipal Court Three Thousand Dollars, other sources Two Thousand Dollars or a total estimated income of Twenty-six Thousand One Hundred Forty-five Dollars (\$26,145.00) which will make our deficit for the year in the Safety Fund Fifteen Thousand Dollars (\$15,000.00).

Another source of revenue I found was the payment into the General Fund of Forty-three Hundred Fifty Dollars and Seventeen Cents (\$4350.37) interest on City Deposits and this amount was also not considered when our budget was made up for this year and the City Auditor informs me that even a greater amount will be paid into the General Fund next year from this source. This amount together with other sources of income which are exceeding our estimates for the year have placed this fund in a very healthy condition, and I am glad to note that our economy program has the hearty cooperation of those of us who participate in this fund. A careful survey of the General and Service Fund estimates for the balance of this year assures a transfer of at least Five Thousand Dollars (\$5000.00) if not more to the Safety Fund which will reduce our deficit to Ten Thousand Dollars (\$10,000.00) and in addition take care of an appropriation which at maximum will not exceed Twenty-five Hundred Dollars (\$2500.00) to be expended on a proposition which I have to present to you for your consideration this evening.

I would therefore recommend that

THE MARKETS

NEW YORK STOCKS

NEW YORK, April 21.—A 10-point advance in Delaware, Lackawanna and Western shares, based on the announcement that the Interstate Commerce commission has authorized a \$4,000 stock dividend, was the outstanding feature at the opening of today's stock market. Manhattan Electric recovered part of yesterday's loss on denial of representation that its lease with Interborough is to be abrogated. In the industrial divisions, however, declines were the rule, especially among steel and equipment. Crucible, Lackawanna and Republic Steel, also Baldwin Locomotive, Royal Dutch, and American Sugar, each reacted 1 to 2 points. Standard Oil of N. J. forfeited five points of its recent substantial rise. Delaware, Lackawanna and Western extended its gains to 14 points during the morning and Kansas City Southern also strengthened, but rails as a group showed little support. Steels and equipments also lacked recuperative

power and food shares were heavy, especially Jewel Tea preferred and Food Products. Oils continued to feature the constructive side of the market, notably low priced issues, such as Cosden, Union and White, as well as Phillips Petroleum, which rose 1 to 3 points. Miscellaneous issues, including American Ice, National Biscuit and Adams Express, also gained 1 to 3 points. Call money on the exchange again opened at 6½ percent, although lending at 6 percent in the outside market.

Trading in the stock market today was quite active and broad, but prices tendencies were in the speculative and not in the constructive side. Sales approximated 650,000 shares.

NEW YORK, April 21.—Coffee: Rio, No. 7, 6; futures steady; May 5.63; Sept. 6.52.

SUGAR

NEW YORK, April 21.—Raw sugar was dull early today. While Cuban sugars were held at 4½c, cost and freight, by the committee, equal 5.77 for centrifugal, unrefined sugars were being pressed for sale below the Cuban quotation. No sales were reported.

Refined continued quiet at 7.45 to 7.50 for fine granulated. The weakness in raws led to further selling of futures and prices at midday were 14 to 16 points net lower.

Sugar futures closed easy; sales 4,200 tons; April 4.10; May 4.10; July 4.19; Sept. 4.21.

GRAIN AND PROVISIONS

CLEVELAND, April 21.—Breaks and bulges followed each other rapidly in the wheat market today without lasting advantage on either side. Sellers based their operations on skepticism as to any real damage to domestic crop, and on bearish views of the industrial situation. Bulls countered that prices were already so low as to be attractive to importing countries and to buyers. Opening prices were unchanged to ¼c higher, with May 1.25 to 1.26 and July 1.05½ to 1.06½, and with ensuing changes covering a range of about 2½ cents.

Corn was easier in the absence of any fresh export call. After opening ½c to 1c lower, including July at 61½ to 61¾, the market receded a little more and then showed something of a rally.

been constant in only one thing, and that to attain high place in the councils of political leaders and to realize his life's ambition—political preferment.

"There is not a renowned statesman of this generation who has not been praised and abused, glorified and maligned, elevated and debased, eulogized and cursed at one time or another by George Harvey—the violence or mildness of his expressions being controlled by the exigencies of the moment and his temperamental condition.

"There never was such an unsuited and unfit individual in all the history of mankind by training, temperament and environment to take up the important duties as our representative at the court of St. James as Colonel Harvey."

Senator Lodge, of Massachusetts, the Republican leader, defended Mr. Harvey, declaring that "it was very unfortunate that the senate, which has just confirmed Mr. Harvey, should be forced to listen to this attack upon him because now he is the representative of the United States."

Senator Lodge described Ambassador Harvey "as an American through and through," and the attack on him in the senate as "a sorry piece of political tactics." He added that the appointment had come to Mr. Harvey "without suggestion or application" from him.

Disorders In Italy Spread

ROME, April 21.—Disorders in which extreme Nationalists and Communists have been engaged and which have been for the most part confined to northern central Italy, have spread to the southern provinces, according to the Epoca. A dispatch to that newspaper from Bari states that a party of Nationalists riding in a motor lorry encountered a party of Communists at Orta Nova, and that in the fight which ensued six Communists and three Nationalists were killed.

Strikes called by Socialists in cities where fighting has taken place in the past fortnight are reported to be still in progress.

Greeks Blockade The Black Sea

CONSTANTINOPLE, April 21.—The Greeks are maintaining a strict blockade of the Black Sea. The Greek destroyer Jerax, seized and took to Piraeus, a Bulgarian steamer, repatriating officers and men of the forces of Colonel Jafar Tazur, former Turkish commandant in Constantinople. The Bulgarians have lodged a protest against the Greek action. The Turkish Nationalists are reported to be placing orders for torpedoes, rifles, artillery and airplanes in Russia.

THE IRON MARKET

CLEVELAND, O., April 21.—The Iron Trade Review today says: No appreciable stimulation of new business has resulted from the reductions and readjustments of steel prices recently made effective by Steel corporation and independent mills. Whether much response by buyers could be expected is a question since the market this week still has been undergoing a process of further realignment in various additional rolled products have been put on a new and lower basis. This operation now is practically complete. All present signs moreover, point to the fact that the best that can be hoped for, is a slow and exceedingly gradual recovery.

Buyers generally are showing a reluctance to accept the new price level at its face value in the export market that further readjustments are probable before stability will have been restored. At the same time, the business situation is so swept by cross currents that it is doubtful if any price level, no matter how low, could prove immediately effective. In the building trades, for example, to which the steel industry is looking for much tonnage, the wage factor at this time, far supersedes in importance that of material costs. Plant operations are slightly better among independent companies reflecting some tonnage driven in when recent advances were made from the lowest levels. Steel corporation mills at Chicago and Pittsburgh also are running on fuller schedules this week. Pigot capacity, however, is not more than 35 to 40 percent engaged.

The composite market average of The Iron Trade Review this week is practically unchanged at \$43.82 which compares with \$43.90 last week.

Production of merchant pig iron is so drastically reduced, has reached an approximately balanced condition with current shipment and stock are more stationary. The market lacks activity and price strength.

Americans Champion Sweet Eaters

COBLENZ, April 21.—American soldiers, whose predilection for sweets has often caused Frenchmen to gasp with amazement, are still world champions in this respect, it is shown by figures compiled at the cafeteria, the largest restaurant in Coblenz, under the management of the Y. M. C. A.

During the past year, American dough boys ate at that restaurant alone 238,138 puddings; 175,813 tarts and cakes; 310,874 cookies and doughnuts; 63,151 cream puffs; 624,906 dishes of ice cream; 368,351 chocolate sandwiches; 61,378 pies; 223,781 apples and other fruit; 282,741 glasses of lemonade and 48,792 oranges. Eggs were also "played across the board," the total number consumed being 211,195.

The Laugh of a Nation

For Its Attraction The Last Three Days This Week, and Starting Tonight, The Eastland Theatre Is Pleased

To Announce the Funniest Five Reel Comedy Ever Made "Seven Years Bad Luck"—Everybody Will Laugh

Associate Feature—Hoot Gibson in "Who Was the Man"

PROGRAM
A—Orchestral Prelude, Eastland Orchestra.
B—"Hobgoblins"—A new Robin comedy.
C—Hoot Gibson in his latest western "Who Was the Man."

D—Max Linder in "Seven Years Bad Luck"—A feature comedy.

Robertson-Cole stepping into the moving picture arena again, scores another bull's eye. This time it is a smashing, scintillating, comedy entitled "Seven Years Bad Luck" with Max Linder, the famous comedian, in the stellar role. "Seven Years Bad Luck" will open at the Eastland theatre to-

night for a run of three days. Robertson-Cole advertise, as their policy the making of super-special pictures only and they certainly keep their word. On top of "Kismet" with Otis Skinner, rated as the greatest dramatic creation in screen history, comes this new picture, the funniest film, but none ever seen on the silver sheet.

Oh the way that a broken mirror brings into the usually quiet of Max Linder's life. He has always known that the easiest way to brighten one's happiness is to hurl a chair or a brick or any movable object, through a looking-glass. But this is the very thing he does at the opening of "Seven

Years Bad Luck" and it takes five reels of fun and laughter to extricate him from his predicament. During this time the movie fun is treated to a series of the most humorous episodes ever flashed on the screen.

The story of "Seven Years Bad Luck" was written and directed by Max Linder. While there isn't a single picture buried into the feature of any individual in the cast, there is plenty of action. He has introduced everything from a railroad train to a zoo and manages to get a million laughs out of every situation.

All In Readiness For Big Opening at Coney, Sunday

Everything is in complete readiness for the game between Shultz's Stars and the Russell Ky. team, which will open the season at Coney Island Sunday afternoon, when it is thought that practically every citizen of Russell will be in the stands to root for their champions of the great American game.

Manager Shultz stated Wednesday, that his team was on edge and ready to give the visitors a stiff engagement. His club, which will sail forth in brand new uniforms of white flannel, set off with handsome maroon sweaters and is composed of players of speed and skill and intelligence. They will be out there fighting from the drop of the bat and will never know when they are licked. The Russell team is said to be a crack organization and will be considerably strengthened for the game Sunday. The manager of

the team insists that fully 1,000 people will be at Coney to help make the opening a most auspicious one. They will make the trip on the new excursion steamer, the J. P. Davis which passed government inspection Tuesday, being pronounced as perfectly safe in every way by the U. S. inspector, who has reported the boat as one of the best of her class on the Ohio River. Captain John Davis, owner, will make the trip to Russell Sunday morning and will bring the crowd to Coney Island by 1 o'clock. This will give him plenty of time to take care of the fans from this city who expect to attend the game. They will be carried directly to the grounds, the swinging gang plank letting them off at the grand stand gate.

Manager Shultz has announced that the general admission will be but 35 cents, with grandstand privileges 15 cents extra. Ladies, of course will be

admitted to the grandstand free of charge. The grand stand, which was erected by Contractor Chas. Hill, is practically completed now. It is a safe and sturdy structure, capable of comfortably seating 1,000 fans. It gives a complete view of every inch of playing field and adds greatly to the appearance of Coney Island. The playing field is in excellent condition, the infield being considered one of the best in this part of the country.

All in all, everything points to a mammoth crowd Sunday, weather conditions, of course, being favorable. Games will be played every Sunday afternoon at Coney, Manager Shultz having been busy for some time booking engagements.

Captain Davis will announce his schedule by the last of the week, so that fans will not be disappointed as to the time of the departure of his excursion steamer.

Reds Win In Ninth

CINCINNATI, April 21.—Cincinnati defeated St. Louis yesterday in one of the closest and most exciting games of the season by a score of five to four. St. Louis tied the count in the ninth and the Reds won out when Rixey hit to center after Fonseca singled. Crane sacrificed and Wingo was passed. A squeeze play by the Cardinals was a feature of the game. Score: Reds AB R H PO A E St. Louis 10 4 10 10 10 10 Cincinnati 10 5 10 10 10 10

PITTSBURGH, April 21.—Konechky's single, which took a freak bound over J. Miller's shoulder with two men in the ninth, scored two runs for the Pirates and won a pitchers' battle between George Smith and Sherrod Smith, score 4 to 2. Meusel's third home run in three consecutive games came in the first inning with Laveling on base, giving Philadelphia its two runs. Score: Pirates AB R H PO A E

PROBING THE RAILROADS

ANNOUNCEMENT that the senate interstate commerce committee will soon begin an investigation of railroad affairs is not surprising, and indications are that such an investigation, if conducted, on a strictly business basis, cannot come too soon. The financial condition of the railroads seems to be becoming more serious.

Representatives of the leading railroad unions have asked President Harding to call a conference for consideration of the differences between the managers of the railroads and the employees, and the association of investors in railroad securities has taken similar action. Any probing which the senate interstate commerce committee undertakes should be along the line of general needs of the railroads, with no specific reference to rates, which are regulated by the interstate commerce commission, or of wage disputes, consideration of which is given to the railroad-labor board under the Esch-Cummins law. If the senate committee simply opens the way for railroad executives and representatives of employees to make charges of bad faith and declarations of refusal to make any concessions in the interests of the public, as was done before the labor board in Chicago, little good will come from the proposed probe of railroad conditions.

One hundred out of two hundred railroads reporting to the interstate commerce commission for January and February state that they failed to earn operating expenses and taxes. Net earnings of the other roads were much reduced. The railroads are a great national institution, and it is the duty of congress to see that they are operated in the interest of the public. The industrial depression is mostly responsible for the loss in revenues, but other conditions contribute to the uncertainty of railroad operation.

TINKERING WITH THE LAW

WITH quite a number of state legislatures in session the last few months, the country has had a demonstration of law-making and law-repealing that has probably never been equaled. The activities of the legislators may be accepted as an indication of the uncertainty of the public mind as well.

Measures which less than five years ago were hailed as marked advances in legislation are being sent to the discard by the legislatures and other measures are being enacted.

To the average man it appears as though the business of law-making is being very much overdone. The public has not become even partially familiar with a bit of legislation until it is repealed or altered in a way that makes it necessary for radical changes to be made in the methods of doing business.

Most citizens would probably be just as well satisfied if their legislature would meet, pass the appropriation bills, and adjourn. Much of the legislation that is enacted meets no general demand, but is fostered by some special interest. Many laws are found to be impractical and are either repealed or permitted to remain on the statute books without any attempt to enforce them.

What the public wants is not more laws but enforcement of the ones already on the statute books.

WALLACE IS DEAD

WALLACE, the circus man, is dead. With Barnum and Forepaugh, the Sells brothers, the Ringlings and a few of their type, he helped to give to America the great show train, three ring circuses of today. When he first took his three on the road he drove into town at the head of four or five wagons, a sawn looking elephant and an amiable camel. That was away back in 1882. When he made his farthest tour six or seven years ago he came aboard his own palatial-fitted private car at the head of three long trains of circus fittings and paraphernalia.

The old-time showman is little more than a memory. His forceful personality, which was the driving power of the organization he took over the roads, has been succeeded by efficient business methods. It is passing the country has lost something.

A Convent's Statement

A penitentiary convict, writing in a prison publication, does not agree with the views of certain critics of our system of detention and incarceration of criminals. He realizes that the severest penalties are inflicted on those who violate God's laws, especially the two Commandments: "Thou shalt not kill" and "Thou shalt not steal." Their violation, in his judgment, fully justifies society in putting violators behind bars until they become fit to associate with righteous men and women and are no longer a menace to the community.

The Omaha Bee, discussing the matter, makes the point that crime is a violation of God's laws—a fact frequently overlooked by apologists for the criminal.

The Trained Talking Voice

"Gabby Detays," a woman editor of the Omaha Bee, and an exceptionally clever one, writes on good speech after asking her women readers these questions: Are you one of those "gabby" persons, or the "lunatic" kind? Do you argue your words? Do you twang them? Do you nasalize them? Do you pronounce them, the tones in which they are uttered, mark the clear, a flower girl, after six months training in diction, may pass as a lady of high degree. It is said that one who says as how it is said, that goes in society. "A beautiful speaking voice," says Gabby, "is rather to be chosen than a string of diamonds"—particularly true of women.

Men of culture are especially appreciative of beautiful speaking. One day we listened to a well educated Englishman talking to a distinguished man of affairs in Chicago. After the visitor said the change man remarked: "I had to have him go. I have to hear him talk." It recalled to us the delightful essay "The Little Touches" in Harry Thurston Peck's book, "What is Good English?" in which he tells us that it is "by the little touches that make both speech and manners perfect, and that impart the exquisite

New-York-Day-By-Day
BY O. O. MCINTYRE

NEW YORK, April 21.—The sunny side of Broadway is dotted these days with returning troupers—back from adventures with one night stands, depot restaurants and bumping day coaches. It has not been an opulent winter for most of them. On account of high railroad rates and the competition of the movies, salaries were held down to the minimum.

Many of the old timers are leaner and more haggard, but all are as perennially lithe as spring itself and nothing can stop their unquenchable vanity. They are back in town ready to spurn rare offers from Lee, Jake, Pie, Dave and Abe.

One trouper confessed the other day that he was picking up his lunch money by jiggling the books in pay telephone booths to get nickels that hurried telephone customers failed to collect when they couldn't get the proper numbers. And yet in a short time he was referring to an old mansion up on the Hudson he was going to have done over so he could install a Roman bath and an indoor tennis court.

Unless something is done about railroad rates, very few companies will go west of Chicago next season, and then only to the larger cities. The trouper knows things are bad, but he trends the stage of other days and his manner remains both impressive and imperial.

They are eating these days at Freeman's and Wolpin's—two Seventh Avenue cafes that cater to the profession. They can get a certain amount of credit there, but when the credit is cut off they will just as cheerfully return to the cruller and milk bottle in the privacy of their hall bedrooms. Summer consists in waiting hopefully in the agency waiting rooms and basking in the sun along the Broadway curbs.

The stark irony with which life sometimes confronts us is regarded as lightly as a passing zephyr. The door of the past is tightly shut. The future is always big with promise. Super optimists indeed! And yet I sometimes wonder if they do not get more out of life than most of us. We hear of starving actors. But they do not starve. They are always well clothed and happy. They have learned well the Biblical injunction, "Take no thought of the morrow."

The theatrical world is laughing at a joke that was played on a moving picture producer, who poses as painter and final finisher that we may know the intellectually enlightened.

Insurance Against War

We all know that insurance against loss by fire is worth having, that life insurance is worth having, that we should insure comfort during old age by saving steadily during the years when our earning capacity and efficiency are high. We know quite as well that insurance against war would be tremendously valuable to all nations, both in human life and happiness and in the avoidance of such financial burdens as the whole world now staggers under because of the late war.

What we do not know is the best "policy" we can take out against war. The League of Nations seems unsatisfactory. A great navy and a big army are doubtful to many. The genius who can write a sound "policy" every nation can underwrite has not yet arisen to enlighten the world.

A New York Office Building

The towering office buildings of New York, formerly clustered down town in the financial district, have spread to other parts of the great city. The region of Forty-Second street from Broadway east to the Grand Central Station neighborhood, is the scene of prodigious development in these lofty homes of business, and now Columbia Circle, yet further up town, has a mammoth structure of this kind.

Rentals in these colossal buildings range around \$4 and \$5 a square foot, and space is still more valuable in the Wall Street region than elsewhere. The imposing Whitehall Building at Battery Place is thirty stories high and contains 500,000 square feet of space, all of which will be occupied May 1 by renters at the \$5 rate. When one realizes that one building alone brings \$2,500,000 a year in rentals, the total received by the scores of others must reach a staggering figure. Yet the pressure for room in them—especially those convenient to Wall Street, grows greater constantly.

A list of 36 of the big corporations whose New York headquarters are in this one Whitehall building leads one to wonder where all the renters come from. Their activities are beyond computation. Their capital, enormous. Yet this is but one of thousands of buildings, big and little, required for office purposes in America's principal eastern seaport.

Q. What is the caliber of the Springfield rifle now used in the U. S. Army? What is its range and penetration? Also the range and penetration of a Winchester 30-30?
A. W. S. —

Q. The Ordnance Division of the War Department says that the caliber of the Springfield rifle now used in the United States Army is .30 and it has a range of about 3500 yards. The penetration of this gun at a distance of 50 feet is 60 inches in a pine board, 10 inches in moist sand, 6.5 inches in dry sand, 20 inches in lamin free from cross grain. The penetration of a 30-30 Winchester rifle is 4.75 inches in pine board, 15 feet from the muzzle. The range is approximately the same as that of the 30 Springfield.
Q. When an altitude is quoted as so many feet above sea level, does it mean low tide or high tide?—W. J. L.

A. Sea level is the level of the surface of the sea at its mean position, midway between mean high and mean low water, adopted as a standard for the measurements of altitudes, etc., and called also "mean sea level."

DOE KOKO'S KOLUM

Just Sixteen, You Know
I powder, wear silk hose and even use a little paint.
But when it comes to being popular, now that's just what I ain't.
I smirk and twist and try to flirt, I think I'm just a hummer.
But the more I act like the rest of 'em, I'm just that much more hummer.

I tho't perhaps 'twas my complexion, I've done all I can to improve it, Maybe it is my feet, but good night I can't help it;
I learned to play some ragtime, but my praises are always silent;
I wish somebody'd tell me my faults, or I'll do somethin' violent.

Ma said, "Oh, quit your worryin', you get along alright.
You're thought more of in the mean-time if you stay in home at night."
So I guess I'll do as she says and let the rest come and go,
For I've not much common sense yet, I'm just sixteen, you know.

"Take It On the Hip"

Says Fatty Arbuckle, "Many people declare that I'm fat! One of the films I shall never forget to remember I played in, was when I had to drop from a window about sixteen feet high to the ground.
"Catch me when I fall," I shouted to the 'villain' of the picture.
"Right-o!" was the emphatic reply.
"Then I dropped and—hit the ground with a dull thud.
"Why didn't you catch me? I managed to jump.
"I wanted to," said the villain, as he picked me up, "but you didn't bounce!"

Maybe a Miracle Happened

"What's the piece of string around your finger for, John?"
"Why, I met a friend on my way home and he let me I had some good stuff in his cellar."
"Well?"
"I bet him I hadn't."

"And then what?"
"I put the string around my finger."
"For what, pray?"
"To remind me when I got home to visit my cellar."

"Yes, I'm going down to see who won the bet."

It's just about got 't' the point where owning a home is like livin' in a furnished apartment—when you move out you ain't got nothin'. Ther' ain't much in 't' paper these days, but people gettin' married are sentenced an' acceptin' federal positions.

WHEELERSBURG LODGE MAY BUILD
Hughes Made No Suggestion Of Rigid Bars To Immigration

WASHINGTON, April 12.—Protests are continuing to be made to the state department as a result of an Associated Press dispatch which incorrectly stated Secretary Hughes had recommended to congress rigid restrictions on immigration and had characterized immigrants of certain nationalities, among them Jews, Letts, Lithuanians, Russians, Armenians, Persians and others, as undesirable.

In reply to all those the state department is pointing out that Secretary Hughes made no recommendations whatever, and made no characterizations of any class of immigrants. His letter to Representative Johnson, of Washington, chairman of the house immigration committee, was purely a formal one transmitting "paraphrased abstracts of reports concerning immigration received from officials of this government, who have been abroad." It was in the appendix of paraphrases, prepared by a bureau of the state department, that certain classes of immigrants were characterized unfavorably, and that certain abstract recommendations of agents were referred to.

The statement that the recommendations were those of Secretary Hughes and that the characterizations were his own was an error which the Associated Press regrets and in fairness to Mr. Hughes readily acknowledges, of its own accord.

Letters From Our Readers

Editor Portsmouth Times,
Portsmouth, Ohio.

Dear Sir: Would like to say a few words in regard to the daylight saving plans. I think it a shame for city council and a few others to be allowed to pull over such a thing knowing that the majority of the people do not want it. If the ball players and the manufacturers and a few of the office men want to play ball or go to a ball game, close an hour early. You're not working full time any way nor chances are will not be this season.

Why not be fair about the matter? Don't compel three-fourths of the people to get up an hour earlier in the morning just to please the other one-fourth. They talk about adopting daylight saving in the other up-to-date cities. What do they call up-to-date cities? Cities that are run by a few baseball fans. I suppose, that would be an up-to-date city. Don't say the city adopted it just say "a few sports adopted it," especially when it comes to Portsmouth. If they can put over such a thing on people here, why can't they in other cities. Under daylight saving there will be a falling off of church attendance, as the only time the people have to get caught up with their sleep is on Sunday morning. I attend church myself, yet don't expect to attend after the time is changed. Why don't the church people wake up. They should be as much alive as the baseball players.

Then take those for instance that live outside of the city, look how unfair it would be to them. Cut up at three o'clock or possibly earlier in order to get to work on time. Those depending on traction cars can't possibly get to work on time as the company, I understand, are not going to change their time.

Now, as the majority of the people are against it what are we going to do?

Don't you think the majority should rule? Let's not stand for it. Some one take this matter up and see what can be done. Don't be a coward; get either on one side or the other. Don't try to carry water on both shoulders. And let's please remember our city councilmen when election rolls round.

Now don't think I haven't any name, for I have.

Yours for old time, the only lawful time we have.

N. CRATTRELL.

SOCIETY

The Woman's City Club will have a delightful program at their meeting on Monday afternoon, April 25, at the library. All members are requested to be present at 2:30, sharp. The program will include:

Talk: "The Aim of the Local Safety Council"—Mr. Frank H. Price.

Violin Trio—Mrs. Joseph T. Mickelthwait, Miss LaDora White, Miss Mildred Dunn.

"Thoughts Gleaned from the Convention of Women Voters"—Mrs. J. N. Ellison.

Minuet—Latty State—Mrs. H. C. Dugh, Mrs. O. J. Dietzler, Mrs. P. E. Selby, Mrs. Charles Storck, with Mrs. J. M. Stockham at the piano.

"Ohio Women's Federation for Social Health"—Mrs. Mary Cartwright.

The P. H. S. senior class "Forty-two Night" in the gymnasium Tuesday night was one of the most enjoyable affairs given among the class members during their high school career. "Some in rags and some in tags," fashioned in all sorts of costumes, spent one of the merriest evenings ever with contests and games, beginning with the grand march, led by Miss Lucy Hill and Orla Morgan. For the most ridiculously gowned, Miss Lillian Haney and Claude Wheeler carried off the honors, with Katherine Ridenour and Charles Thomas coming out second. Bert Leach of the faculty, won the marshmallows in the marshmallow race by the teachers. Broken cups, jelly glasses and pickle jars were employed in serving the refreshments of lemonade and ginger-bread.

Group 1 of the Trinity Ladies' Aid met Wednesday afternoon with Mrs. Grant Orin, 1401 Park avenue, with a number of members and one guest present. Plans were made by the society to raise some money, and will hold a luncheon Saturday. The officers include Mrs. C. N. Smith, president; Mrs. J. C. Chambers, first vice-president; Mrs. C. W. Zahars, second vice-president; Mrs. Grant Orin, third vice-president; Mrs. Hart Bragg, secretary; Mrs. J. A. Cooper, treasurer. The membership includes Mesdames Doe McBrayer, James Fry, J. Hyfield, Josephine Chinn, J. C. Swearingin, J. H. Young, Daisy Daniels, N. B. Gilbrand, Philip Boist, Harry Hart Ann Clark, Martha James, Martha Kappes, Elizabeth Long, James Price, Edward Gutky, Mary Moore, David Stewart, W. L. Cressy, Mary Smith, Misses Clementine Sikes, Cora Cadot, Olive Chinn and Cora Cadot.

Mrs. Stella Miller is very ill with delicate rheumatism at the home of her son, Emory Miller, 1608 Eighth street.

The happy young couple left on the morning train for South Webster, where the groom has a home furnished for their occupancy.

The bride is a daughter of Mr. and Mrs. William Arthur of South Webster and was employed in the office of the Irving Drew Shoe Company.

Their many friends extend best wishes for their future happiness and prosperity.

Mr. Faivre's Suggestion

Henry J. Faivre, president of the Hammer club, after visiting the fire scene in the East End last night expressed the opinion that the site of the Harrison-Walker plant, which was badly damaged would make an ideal one for an N. & W. freight depot. He says that if it was built there the long talked of passenger station could be built where the freight depot now stands. He says the location is ideal and the lot is plenty big enough and skirts the N. & W. tracks.

Mr. Cropper Buys Home

Frank E. Adams has sold his pretty home on Twenty-first street near Grandview avenue to C. E. Cropper. The latter recently sold his home on Grand avenue to Mr. and Mrs. Paul Williams. These deals were closed by Joseph Switalsky of the Sibley Realty company.

Here For Conference

W. W. Brownfield, assistant district supervisor of county agents was in the city in conference with County Agent W. E. Galm Wednesday.

Business Trip

County Farm Agent W. E. Galm made a business trip to South Webster and Minford Thursday.

Don't forget the big Cut-Rate Drug Sale at Drummmond's Drug Store. Lasts only two weeks. 4-16-21

Littlejohn Acquired

CHILLICOTHE, O., April 21.—William Littlejohn, under indictment for the theft of \$1,000 worth of diamonds from a car in transit on the N. & W. railway, and on trial in the common pleas court was acquitted after the jury had been out one hour. A demonstration of approval of the verdict which was stopped by the court.

The court room was crowded with railwaymen and citizens.

To Lecture Here

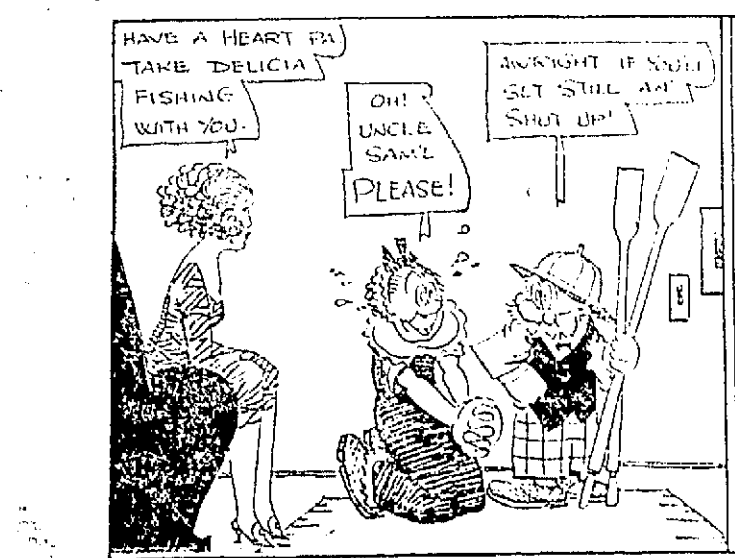

"Continental Europe and the Red Land" will be the theme of a lecture to be delivered at the Pleasant Street Baptist church by Rev. R. D. Phillips, D. D., pastor of the Union Grove Baptist church of Columbus, on the evening of Friday, April 22.

Dr. Phillips has traveled extensively in the Old World. He is a clear and able pulpit orator and interesting speaker and Rev. R. D. Reed, the pastor, urges all to take advantage of this opportunity to hear his address.

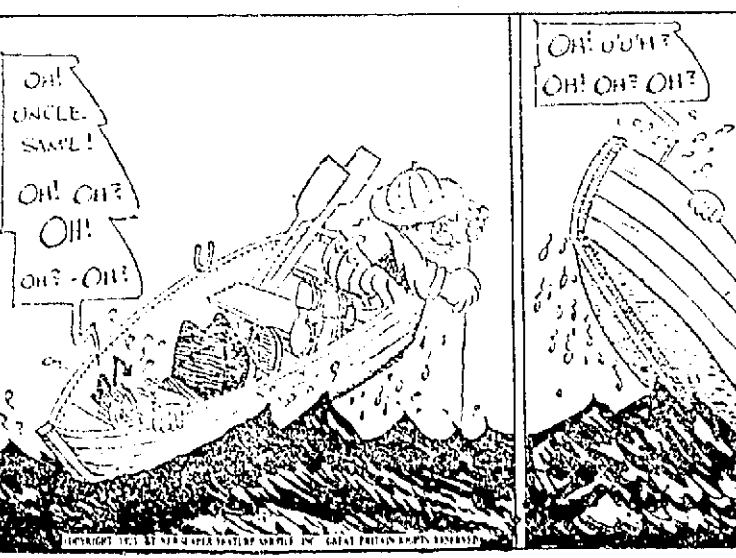

Boss Foster Seriously Ill

"Carney Boss" John Foster of "Carney's Run" is seriously ill with pneumonia. He has been seriously ill for days and today was reported as better. Mr. Foster who is about the last of the pioneer settlers on Carney's Run is near 80 years of age.
